

***309 - Top Down Child Cardigan**

Complete a gauge swatch for the gauge of the yarn selected. Use the following method for your gauge swatch:

Cast on the number of stitches required for a 4" swatch plus 4 extra stitches (i.e. for 3.5sts = 1 inch, you would cast on 3.5 stitches x 4" = 14, plus 4 extra = 18).

Knit 3 rows

Row 4: Knit 2, purl to the last 2, knit 2

Row 5: Knit

Repeat rows 4 & 5 until swatch measures 4.5" in length. Remove stitches from the needle and measure horizontally. Swatch should measure 4" across the width of the stockinette block (excluding border stitches).
