Using size 9 circular needles, cast on 234 stitches.

Work rows 1-6 from the chart, placing a marker at each column break.

Notes:

SL1 - slip the first stitch as to purl, then bring the yarn between the needles to the back in order to work the next knit stitch.

The headings include the number of stitches that will be worked between each marker.

Row 2 is green - the color doesn't mean anything for the pre-work, just work the row and we'll cover the meaning of the color in class.

Bring your size 11 needle to class, along with a large cable needle or a size 10 short double point.
